(c) Expiration of States of Emergency. - A state of emergency declared pursuant to this section shall expire when it is rescinded by the authority that issued it.

(d) Exercise of Powers Not Contingent on Declaration of Disaster Type. - Once a state of emergency has been declared pursuant to this section, the fact that a declaration of disaster type has not been issued shall not preclude the exercise of powers otherwise conferred during a state of emergency. (1951, c. 1016, s. 4; 1955, c. 387, s. 4; 1959, c. 284, s. 2; c. 337, s. 4; 1975, c. 734, ss. 11, 14; 1977, c. 848, s. 2; 1979, 2nd Sess., c. 1310, s. 2; 1993, c. 321, s. 181(a); 1995, c. 509, s. 125; 2001-214, s. 3; 2011-145, s. 19.1(g); 2011-183, s. 127(c); 2012-12, s. 1(b).)

§ 166A-19.21. Gubernatorial disaster declaration.

(a) Preliminary Damage Assessment. - When a state of emergency is declared pursuant to G.S. 166A-19.20, the Secretary shall provide the Governor and the General Assembly with a preliminary damage assessment as soon as the assessment is available.

(b) Declaration of Disaster. - Upon receipt of a preliminary damage assessment, the Governor is authorized to issue a disaster declaration declaring the impact or anticipated impact of the emergency to constitute a disaster of one of the following types:

- (1) Type I disaster. - A Type I disaster may be declared by the Governor prior to, and independently of, any action taken by the Small Business Administration, the Federal Emergency Management Agency, or any other federal agency, if all of the following criteria are met:
 - a. A local state of emergency has been declared pursuant to G.S. 166A-19.22 and a written copy of the declaration has been forwarded to the Governor.
 - b. The preliminary damage assessment meets or exceeds the criteria established for the Small Business Administration Disaster Loan Program pursuant to 13 C.F.R. Part 123 or meets or exceeds the State infrastructure criteria set out in G.S. 166A-19.41(b)(2)a.
 - c. A major disaster declaration by the President of the United States pursuant to the Stafford Act has not been declared.
- (2) Type II disaster. - A Type II disaster may be declared if the President of the United States has issued a major disaster declaration pursuant to the Stafford Act. The Governor may request federal disaster assistance under the Stafford Act without making a Type II disaster declaration.
- (3) Type III disaster. - A Type III disaster may be declared if the President of the United States has issued a major disaster declaration under the Stafford Act and either of the following is true:
 - a. The preliminary damage assessment indicates that the extent of damage is reasonably

expected to meet the threshold established for an increased federal share of disaster assistance under applicable federal law and regulations.

- b. The preliminary damage assessment prompts the Governor to call a special session of the General Assembly to establish programs to meet the unmet needs of individuals, businesses, or political subdivisions affected by the emergency.

(c) Expiration of Disaster Declarations. -

- (1) Expiration of Type I disaster declarations. - A Type I disaster declaration shall expire 60 days after its issuance unless renewed by the Governor or the General Assembly. Such renewals may be made in increments of 30 days each, not to exceed a total of 120 days from the date of first issuance. The Joint Legislative Commission on Governmental Operations shall be notified prior to the issuance of any renewal of a Type I disaster declaration.
- (2) Expiration of Type II disaster declarations. - A Type II disaster declaration shall expire twelve months after its issuance unless renewed by the Governor or the General Assembly. Such renewals may be made in increments of three months each. A Type II disaster declaration and any renewals of that declaration shall not exceed a total of 24 months. The Joint Legislative Commission on Governmental Operations shall be notified prior to the issuance of any renewal of a Type II disaster declaration.
- (3) Expiration of Type III disaster declarations. - A Type III disaster declaration shall expire 24 months after its issuance unless renewed by the General Assembly.
- (4) Expiration of disaster declarations declared prior to July 1, 2001. - Any state of disaster declared or proclaimed before July 1, 2001, irrespective of type, shall terminate by a declaration of the Governor or resolution of the General Assembly. A declaration or resolution declaring or terminating a state of disaster shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and, unless the circumstances attendant upon the disaster prevent or impede, promptly filed with the Secretary, the Secretary of State, and the clerks of superior court in the area to which it applies.

(d) Effect of Disaster Declaration Expiration. - Expiration of a Type II or III disaster declaration shall not affect the State's obligations under federal-State agreements entered into prior to the expiration of the disaster declaration. (1951, c. 1016, s. 4; 1955, c. 387, s. 4; 1959, c. 284, s. 2; c. 337, s. 4; 1975, c. 734, ss. 11, 14; 1977, c. 848, s. 2; 1979, 2nd Sess., c. 1310, s. 2; 1993, c. 321, s. 181(a); 1995, c. 509, s. 125; 2001-214, s. 3; 2011-145, s. 19.1(g); 2011-183, s. 127(c); 2012-12, s. 1(b); 2012-90, ss. 7, 8.)

§ 166A-19.22. Municipal or county declaration of state of emergency.

(a) Declaration. - A state of emergency may be declared by the governing body of a municipality or county, if either of these finds that an emergency exists. Authority to declare a state of emergency under this section may also be delegated by ordinance to the mayor of a municipality or to the chair of the board of county commissioners of a county.

(b) Emergency Area. - The emergency area shall be determined in accordance with the following:

- (1) Unless another subdivision of this subsection is applicable, the emergency area shall not exceed the area over which the municipality or county has jurisdiction to enact general police-power ordinances. The governing body declaring the state of emergency may declare that the emergency area includes part or all of the governing body's jurisdiction. Unless the governing body declaring the state of emergency provides otherwise, the emergency area

includes this entire jurisdiction, subject to the limitations contained in the other subdivisions in this subsection.

- (2) The emergency area of a state of emergency declared by a county shall not include any area within the corporate limits of any municipality, or within any area of the county over which a municipality has jurisdiction to enact general police-power ordinances, unless the municipality's governing body or mayor consents to or requests the state of emergency's application. Such an extension may be with respect to one or more of the prohibitions and restrictions imposed in that county pursuant to the authority granted in G.S. 166A-19.31 and need not be with respect to all prohibitions and restrictions authorized by that section.
- (3) The board of commissioners or chair of the board of commissioners of any county who has been requested to do so by a mayor may by declaration extend the emergency area of a state of emergency declared by a municipality to any area within the county in which the board or chair determines it to be necessary to assist in the controlling of the emergency within the municipality. The extension may be with respect to one or more of the prohibitions and restrictions imposed in that mayor's municipality pursuant to the authority granted in G.S. 166A-19.31 and need not be with respect to all prohibitions and restrictions authorized by that section. Extension of the emergency area pursuant to this subdivision shall be subject to the following additional limitations:
 - a. The extension of the emergency area shall not include any area within the corporate limits of a municipality, or within any area of the county over which a municipality has jurisdiction to enact general police-power ordinances, unless the mayor or governing body of that other municipality consents to its application.
 - b. A chair of a board of county commissioners extending the emergency area under the authority of this subdivision shall take reasonable steps to give notice of its terms to those likely to be affected.
 - c. The chair of the board of commissioners shall declare the termination of any prohibitions and restrictions extended pursuant to this subdivision upon the earlier of the following:
 1. The chair's determination that they are no longer necessary.
 2. The determination of the board of county commissioners that they are no longer necessary.
 3. The termination of the prohibitions and restrictions within the municipality.
 - d. The powers authorized under this subdivision may be exercised whether or not the county has enacted ordinances under the authority of G.S. 166A-19.31. Exercise of this authority shall not preclude the imposition of prohibitions and restrictions under any ordinances enacted by the county under the authority of G.S. 166A-19.31.

(c) Expiration of States of Emergency. - Unless an ordinance adopted pursuant to G.S. 166A-19.31 provides otherwise, a state of emergency declared pursuant to this section shall expire when it is terminated by the official or governing body that declared it.

(d) Effect of Declaration. - The declaration of a state of emergency pursuant to this section shall activate the local ordinances authorized in G.S. 166A-19.31 and any and all applicable local plans, mutual assistance compacts, and agreements and shall also authorize the furnishing of assistance thereunder. (Former G.S. 14-288.13: 1969, c. 869, s. 1; 1993, c. 539, s. 195; 1994, Ex. Sess., c. 24, s. 14(c). Former G.S. 14-288.14: 1969, c. 869, s. 1; 1993, c. 539, s. 196; 1994, Ex. Part 5. Additional Powers During States of Emergency.

§ 166A-19.30. Additional powers of the Governor during state of emergency.

(a) In addition to any other powers conferred upon the Governor by law, during a gubernatorially or legislatively declared state of emergency, the Governor shall have the following powers:

- (1) To utilize all available State resources as reasonably necessary to cope with an emergency, including the transfer and direction of personnel or functions of State agencies or units thereof for the purpose of performing or facilitating emergency services.
- (2) To take such action and give such directions to State and local law enforcement officers and agencies as may be reasonable and necessary for the purpose of securing compliance with the provisions of this Article and with the orders, rules, and regulations made pursuant thereto.
- (3) To take steps to assure that measures, including the installation of public utilities, are taken when necessary to qualify for temporary housing assistance from the federal government when that assistance is required to protect the public health, welfare, and safety.
- (4) Subject to the provisions of the State Constitution to relieve any public official having administrative responsibilities under this Article of such responsibilities for willful failure to obey an order, rule, or regulation adopted pursuant to this Article.
- (5) Through issuance of an executive order to waive requirements for an environmental document or permit issued under Articles 1, 4, and 7 of Chapter 113A of the General Statutes for the repair, protection, safety enhancement, or replacement of a component of the State highway system that provides the sole road access to an incorporated municipality or an unincorporated inhabited area bordering the Atlantic Ocean or any coastal sound where bridge or road conditions as a result of the events leading to the declaration of the state of emergency pose a substantial risk to public health, safety, or welfare. The executive order shall list the duration of the waiver and the activities to which the waiver applies. For purposes of this subdivision, "coastal sound" shall have the definition set forth in G.S. 113A-

103, and "replacement" shall not be interpreted to exclude a replacement that increases size or capacity or that is located in a different location than the component that is replaced.

(b) During a gubernatorially or legislatively declared state of emergency, with the concurrence of the Council of State, the Governor has the following powers:

- (1) To direct and compel the evacuation of all or part of the population from any stricken or threatened area within the State, to prescribe routes, modes of transportation, and destinations in connection with evacuation; and to control ingress and egress of an emergency area, the movement of persons within the area, and the occupancy of premises therein.
- (2) To establish a system of economic controls over all resources, materials, and services to include food, clothing, shelter, fuel, rents, and wages, including the administration and enforcement of any rationing, price freezing, or similar federal order or regulation.
- (3) To regulate and control the flow of vehicular and pedestrian traffic, the congregation of persons in public places or buildings, lights and noises of all kinds, and the maintenance, extension, and operation of public utility and transportation services and facilities.
- (4) To waive a provision of any regulation or ordinance of a State agency or a political subdivision which restricts the immediate relief of human suffering.
- (5) To perform and exercise such other functions, powers, and duties as are necessary to promote and secure the safety and protection of the civilian population.
- (6) To appoint or remove an executive head of any State agency or institution, the executive head of which is regularly selected by a State board or commission.
 - a. Such an acting executive head will serve during the following:
 1. The physical or mental incapacity of the regular office holder, as determined by the Governor after such inquiry as the Governor deems appropriate.
 2. The continued absence of the regular holder of the office.
 3. A vacancy in the office pending selection of a new executive head.
 - b. An acting executive head of a State agency or institution appointed in accordance with this subdivision may perform any act and exercise any power which a regularly selected holder of such office could lawfully perform and exercise.
 - c. All powers granted to an acting executive head of a State agency or institution under this section shall expire immediately:
 1. Upon the termination of the incapacity as determined by the Governor of the officer in whose stead the Governor acts;
 2. Upon the return of the officer in whose stead the Governor acts; or
 3. Upon the selection and qualification of a person to serve for the unexpired term, or the selection of an acting executive head of the agency or institution by the board or commission authorized to make such selection, and the person's qualification.
- (7) To procure, by purchase, condemnation, seizure, or by other means to construct, lease, transport, store, maintain, renovate, or distribute materials and facilities for emergency management without regard to the limitation of any existing law.

(c) In addition to any other powers conferred upon the Governor by law, during a gubernatorially or legislatively declared state of emergency, if the Governor determines that local control of the emergency is insufficient to assure adequate protection for lives and property because (i) needed control cannot be imposed locally because local authorities responsible for preservation of the public peace have not enacted appropriate

ordinances or issued appropriate declarations as authorized by G.S. 166A-19.31; (ii) local authorities have not taken implementing steps under such ordinances or declarations, if enacted or declared, for effectual control of the emergency that has arisen; (iii) the area in which the emergency exists has spread across local jurisdictional boundaries, and the legal control measures of the jurisdictions are conflicting or uncoordinated to the extent that efforts to protect life and property are, or unquestionably will be, severely hampered; or (iv) the scale of the emergency is so great that it exceeds the capability of local authorities to cope with it, the Governor has the following powers:

- (1) To impose by declaration prohibitions and restrictions in the emergency area. These prohibitions and restrictions may, in the Governor's discretion, as appropriate to deal with the emergency, impose any of the types of prohibitions and restrictions enumerated in G.S. 166A-19.31(b), and may amend or rescind any prohibitions and restrictions imposed by local authorities. Prohibitions and restrictions imposed pursuant to this subdivision shall take effect in accordance with the provisions of G.S. 166A-19.31(d) and shall expire upon the earliest occurrence of either of the following: (i) the prohibition or restriction is terminated by the Governor or (ii) the state of emergency is terminated.
- (2) Give to all participating State and local agencies and officers such directions as may be necessary to assure coordination among them. These directions may include the designation of the officer or agency responsible for directing and controlling the participation of all public agencies and officers in the emergency. The Governor may make this designation in any manner which, in the Governor's discretion, seems most likely to be effective. Any law enforcement officer participating in the control of a state of emergency in which the Governor is exercising control under this section shall have the same power and authority as a sheriff throughout the territory to which the law enforcement officer is assigned.

(d) Violation. - Any person who violates any provision of a declaration or executive order issued pursuant to this section shall be guilty of a Class 2 misdemeanor in accordance with G.S. 14-288.20A. (Former G.S. 14-288.15: 1969, c. 869, s. 1; 1993, c. 539, s. 197; 1994, Ex. Sess., c. 24, s. 14(c). Former G.S. 166A-6: 1951, c. 1016, s. 4; 1955, c. 387, s. 4; 1959, c. 284, s. 2; c. 337, s. 4; 1975, c. 734, ss. 11, 14; 1977, c. 848, s. 2; 1979, 2nd Sess., c. 1310, s. 2; 1993, c. 321, s. 181(a); 1995, c. 509, s. 125; 2001-214, s. 3; 2011-145, s. 19.1(g); 2011-183, s. 127(c); 2012-90, s. 1; 2012-12, s. 1(b); 2014-100, s. 14.7(i).)

§ 166A-19.31. Power of municipalities and counties to enact ordinances to deal with states of emergency.

(a) Authority to Enact Prohibitions and Restrictions. - The governing body of any municipality or county may enact ordinances designed to permit the imposition of prohibitions and restrictions within the emergency area during a state of emergency declared pursuant to G.S. 166A-19.22. Authority to impose by declaration prohibitions and restrictions under this section, and to impose those prohibitions and restrictions at a particular time as appropriate, may be delegated by ordinance to the mayor of a municipality or to the chair of the board of county commissioners of a county.

(b) Type of Prohibitions and Restrictions Authorized. - The ordinances authorized by this section may permit prohibitions and restrictions:

- (1) Of movements of people in public places, including imposing a curfew; directing and compelling the voluntary or mandatory evacuation of all or part of the population from any stricken or threatened area within the governing body's jurisdiction; prescribing routes, modes of transportation, and destinations in connection with evacuation; and controlling ingress and egress of an emergency area, and the movement of persons within the area.

- (2) Of the operation of offices, business establishments, and other places to or from which people may travel or at which they may congregate.
- (3) Upon the possession, transportation, sale, purchase, and consumption of alcoholic beverages.
- (4) Upon the possession, transportation, sale, purchase, storage, and use of gasoline, and dangerous weapons and substances, except that this subdivision does not authorize prohibitions or restrictions on lawfully possessed firearms or ammunition. As used in this subdivision, the term "dangerous weapons and substances" has the same meaning as it does under G.S. 14-288.1. As used in this subdivision, the term "firearm" has the same meaning as it does under G.S. 14-409.39(2).
- (5) Upon other activities or conditions the control of which may be reasonably necessary to maintain order and protect lives or property during the state of emergency.

The ordinances authorized by this section need not require or provide for the imposition of all of the types of prohibitions or restrictions, or any particular prohibition or restriction, authorized by this section during an emergency but may instead authorize the official or officials who impose those prohibitions or restrictions to determine and impose the prohibitions or restrictions deemed necessary or suitable to a particular state of emergency.

(c) When Ordinances Take Effect. - Notwithstanding any other provision of law, whether general or special, relating to the promulgation or publication of ordinances by any municipality or county, upon the declaration of a state of emergency by the mayor or chair of the board of county commissioners within the municipality or the county, any ordinance enacted under the authority of this section shall take effect immediately unless the ordinance sets a later time. If the effect of this section is to cause an ordinance to go into effect sooner than it otherwise could under the law applicable to the municipality or county, the mayor or chair of the board of county commissioners, as the case may be, shall take steps to cause reports of the substance of the ordinance to be disseminated in a fashion that its substance will likely be communicated to the public in general, or to those who may be particularly affected by the ordinance if it does not affect the public generally. As soon as practicable thereafter, appropriate distribution or publication of the full text of any such ordinance shall be made.

(d) When Prohibitions and Restrictions Take Effect. - All prohibitions and restrictions imposed by declaration pursuant to ordinances adopted under this section shall take effect in the emergency area immediately upon publication of the declaration unless the declaration sets a later time. For the purpose of requiring compliance, publication may consist of reports of the substance of the prohibitions and restrictions in the mass communications media serving the emergency area or other effective methods of disseminating the necessary information quickly. As soon as practicable, however, appropriate distribution of the full text of any declaration shall be made. This subsection shall not be governed by the provisions of G.S. 1-597.

(e) Expiration of Prohibitions and Restrictions. - Prohibitions and restrictions imposed pursuant to this section shall expire upon the earliest occurrence of any of the following:

- (1) The prohibition or restriction is terminated by the official or entity that imposed the prohibition or restriction.
- (2) The state of emergency terminates.

(f) Intent to Supplement Other Authority. - This section is intended to supplement and confirm the powers conferred by G.S. 153A-121(a), G.S. 160A-174(a), and all other general and local laws authorizing municipalities and counties to enact ordinances for the protection of the public health and safety in times of riot or other grave civil disturbance or emergency.

(g) Previously Enacted Ordinances Remain in Effect. - Any ordinance of a type authorized by this section promulgated prior to October 1, 2012, if otherwise valid, continue in full force and effect without

reenactment.

(h) Violation. - Any person who violates any provision of an ordinance or a declaration enacted or declared pursuant to this section shall be guilty of a Class 2 misdemeanor in accordance with G.S. 14-288.20A. (Former G.S. 14-288.12: 1969, c. 869, s. 1; 1981, c. 412, s. 4(4); c. 747, s. 66; 1989, c. 770, s. 2; 1993, c. 539, s. 194; 1994, Ex. Sess., c. 24, s. 14(c); 2009-146, s. 1. Part 6. Funding of Emergency Preparedness and Response.

§ 166A-19.40. Use of contingency and emergency funds.

(a) Use of Funds for Relief and Assistance. - The Governor may use contingency and emergency funds as necessary and appropriate to provide relief and assistance from the effects of an emergency and may reallocate such other funds as may reasonably be available within the appropriations of the various departments when the severity and magnitude of the emergency so requires and the contingency and emergency funds are insufficient or inappropriate.

(b) Use of Funds for National Guard Training. - In preparation for a state of emergency, with the concurrence of the Council of State, the Governor may use contingency and emergency funds as necessary and appropriate for National Guard training in preparation for emergencies. (Former G.S. 166A-5: 1951, c. 1016, ss. 3, 9; 1953, c. 1099, s. 3; 1955, c. 387, ss. 2, 3, 5; 1957, c. 950, s. 5; 1975, c. 734, ss. 9, 10, 14, 16; 1977, c. 848, s. 2; 1979, 2nd Sess., c. 1310, s. 2; 1995, c. 509, s. 124; 2001-214, s. 2; 2002-179, s. 12; 2009-192, s. 1; 2009-193, s. 3; 2009-196, s. 1; 2009-225, s. 1; 2011-145, s. 19.1(g). § 166A-19.41. State emergency assistance funds.

(a) Governor May Make Funds Available for Emergency Assistance. - In the event of a gubernatorially or legislatively declared state of emergency, the Governor may make State funds available for emergency assistance as authorized by this section. Any State funds made available by the Governor for emergency

assistance may be administered through State emergency assistance programs which may be established by the Governor upon the declaration of a state of emergency. It is the intent of the General Assembly in authorizing the Governor to make State funds available for emergency assistance and in authorizing the Governor to establish State emergency assistance programs to provide State assistance for recovery from those emergencies for which federal assistance under the Stafford Act is either not available or does not adequately meet the needs of the citizens of the State in the emergency area.

(b) Emergency Assistance in a Type I Disaster. - In the event that a Type I disaster is declared, the Governor may make State funds available for emergency assistance in the emergency area in the form of individual assistance and public assistance as provided in this subsection.

- (1) Individual assistance. - State emergency assistance in the form of grants to individuals and families may be made available when damage meets or exceeds the criteria set out in 13 C.F.R. Part 123 for the Small Business Administration Disaster Loan Program. Individual assistance grants shall include benefits comparable to those provided by the Stafford Act and may be provided for the following:
 - a. Provision of temporary housing and rental assistance.

 - c. Replacement of personal property (including clothing, tools, and equipment).
 - d. Repair or replacement of privately owned vehicles.
 - e. Medical or dental expenses.
 - f. Funeral or burial expenses resulting from the emergency.
 - g. Funding for the cost of the first year's flood insurance premium to meet the requirements of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. § 4001, et seq.
- (2) Public assistance. - State emergency assistance in the form of public assistance grants may be made available to eligible entities located within the emergency area on the following terms and conditions:
 - a. Eligible entities shall meet the following qualifications:
 1. The eligible entity suffers a minimum of ten thousand dollars (\$10,000) in uninsurable losses.

 3. For a state of emergency declared pursuant to G.S. 166A-19.20(a) after the deadline established by the Federal Emergency Management Agency pursuant to the Disaster Mitigation Act of 2002, P.L. 106-390, the eligible entity shall have a hazard mitigation plan approved pursuant to the Stafford Act.
 4. For a state of emergency declared pursuant to G.S. 166A-19.20(a), after August 1, 2002, the eligible entity shall be participating in the National Flood Insurance Program in order to receive public assistance for flooding damage.
 - b. Eligible entities shall be required to provide non-State matching funds equal to twenty-five percent (25%) of the eligible costs of the public assistance grant.

Neither the State nor any political subdivision thereof, nor, except in cases of willful misconduct, gross negligence, or bad faith, any emergency management worker, firm, partnership, association, or corporation complying with or reasonably attempting to comply with this Article or any order, rule, or regulation promulgated pursuant to the provisions of this Article or pursuant to any ordinance relating to any emergency management measures enacted by any political subdivision of the State, shall be liable for the death of or injury to persons, or for damage to property as a result of any such activity.

(b) Immunity. - The immunity provided to firms, partnerships, associations, or corporations, under subsection (a) of this section, is subject to all of the following conditions:

livestock, poultry, and agricultural crops.

(a) Executive Order. - In addition to any other powers conferred on the Governor by law, whenever a curfew has been imposed, the Governor may declare by executive order that the health, safety, or economic well-being of persons or property in this State require that persons transporting essentials in commerce to the curfew area, or assisting in ensuring their availability, and persons assisting in restoring utility services, be allowed to enter or remain in areas from which they would otherwise be excluded for the limited purpose of delivering the essentials, assisting in ensuring their availability, or assisting in restoring utility services.

(b) Maximum Hours of Service Waiver. - As part of an executive order issued pursuant to subsection (a) of this section, or independently of such an order, the Governor may declare by executive order that the health, safety, or economic well-being of persons or property in this State require that the maximum hours of service prescribed by the Department of Public Safety pursuant to G.S. 20-381 and similar rules be waived for persons transporting essentials or assisting in the restoration of utility services.

(c) Certification System. - The Secretary shall develop a system pursuant to which a person who transports essentials in commerce, or assists in ensuring their availability, and persons who assist in the restoring of utility services can be certified as such. The certification system shall allow for both preemergency declaration and postemergency declaration certification and may include an annually renewable precertification. The Secretary shall only allow those who routinely transport or distribute essentials or assist in the restoring of utility services to be certified. A certification of the employer shall constitute a certification of the employer's employees. The Secretary shall create an easily recognizable indicium of certification in order to assist local officials' efforts to determine which persons have received certification by the system established under this subsection.

(d) Presence in Curfew Area Permitted. - Notwithstanding the existence of any curfew, a person who is certified pursuant to the system established under subsection (c) of this section shall be allowed to enter or remain in the curfew area for the limited purpose of delivering or assisting in the distribution of essentials or assisting in the restoration of utility services and shall be allowed to provide service that exceeds otherwise applicable hours of service maximums, to the extent authorized by an executive order executed pursuant to subsection (a) of this section. Nothing in this section prohibits law enforcement or other local officials from specifying the permissible route of ingress or egress for persons with certifications.

(e) Abnormal Market Disruptions with Respect to Petroleum. - If the Governor declares the existence of an abnormal market disruption with respect to petroleum pursuant to G.S. 75-38(f), the Governor shall contemporaneously seek all applicable waivers under the federal Clean Air Act, 42 U.S.C. § 7401, et seq., and any other applicable federal law to facilitate the transportation of fuel within this State in order to address or prevent a fuel supply emergency in this State. Waiver requests shall be directed to the appropriate federal agencies and shall seek waivers of the following:

- (1) The Reformulated Gasoline requirements throughout the State.
- (2) The Federal and State Implementation Plan summertime gasoline requirements (low RVP) throughout the State.
- (3) Any other waiver that will, if obtained, facilitate the transportation of fuel within this State.

(g) Upon the recommendation of the Commissioner of Agriculture it shall be lawful for the Governor, by an executive order issued pursuant to G.S. 166A-19.20 or independently of such an order, to direct the Department of Public Safety to temporarily suspend weighing, pursuant to G.S. 20-118.1, those vehicles used to transport livestock, poultry, or crops from designated counties in an emergency area as defined in G.S. 166A-19.3(7), or counties designated by the Governor in an executive order issued independently of an order pursuant to G.S. 166A-19.20, if there exists an imminent threat of severe economic loss of livestock or poultry or widespread or severe damage to crops ready to be harvested. The Department of Public Safety shall develop procedures to carry out the provisions of this subsection. This subsection shall not be construed to permit the gross weight of any vehicle or combination in excess of the safe load carrying capacity established by the Department of Transportation on any bridge pursuant to G.S. 136-72, or to permit the operation of a vehicle when a law enforcement officer has probable cause to believe the vehicle is creating an imminent hazard to public safety. A suspension authorized pursuant to the provisions of this subsection shall end when the Governor determines the threat of widespread or severe loss or damage in the designated counties has passed. (2001-214, s. 4; 2001-487, s. 98; 2002-24, s. 1; 2002-159, s. 57.5; 2006-66, s. 6.5(a); 2012-12, s. 1(b); 2013-230, s. 1.)

Such increases shall be by agreement between the State and the licensees or operators of the fixed nuclear facilities.

(b) Every person, firm, corporation or municipality who is licensed to construct or who is operating a fixed nuclear facility for the production of electricity shall pay to the Department of Public Safety, for the use of the Radiation Protection Section of the Division of Public Health of the Department of Health and Human Services, an annual fee of thirty-six thousand dollars (\$36,000) for each fixed nuclear facility that is located within this State or that has a Plume Exposure Pathway Emergency Planning Zone any part of which is located within this State. This fee shall be applied only to the costs of planning and implementing emergency response activities as required by the Federal Emergency Management Agency for the operation of nuclear facilities. This fee is to be paid no later than July 31 of each year.

(c) The fees imposed by this section do not revert at the end of a fiscal year. Disaster Service Volunteer Leave Act.

§ 166A-30. Short title.

This act may be cited as the Disaster Service Volunteer Leave Act. (1993, c. 13, s. 1.)

§ 166A-31. Definitions.

As used in this Article:

- (1) "Certified disaster service volunteer" means a person who has completed the necessary training for and been certified as a disaster service specialist by the American National Red Cross.
- (2) "Disaster" means a disaster designated at Level III or higher in the American National Red Cross Regulations and Procedures.
- (3) "State agency" means and includes all departments, institutions, commissions, committees, boards, divisions, bureaus, officers, and officials of the State, including those within the legislative and judicial branches of State government. (1993, c. 13, s. 1.)

§ 166A-32. Disaster service volunteer leave.

An employee of a State agency who is a disaster service volunteer of the American Red Cross may be granted leave from his work with pay for a time not to exceed 15 work days in any 12-month period to participate in specialized disaster relief services for the American Red Cross. To be granted leave, the request for the services of that employee must come from the American Red Cross. The decision to grant the employee leave rests in the sole discretion of the employing State agency based on the work needs of that agency. Employees granted leave pursuant to this Article shall not lose seniority, pay, vacation time, sick time, or earned overtime accumulation. The State agency shall compensate an employee granted leave under this Article at the regular rate of pay for those regular work hours during which the employee is absent from his work. Leave under this Article shall be granted only for services related to a disaster occurring within the United States.

The State of North Carolina shall not be liable for workers compensation claims arising from accident or injury while the State employee is on assignment as a disaster service volunteer for the American Red Cross. Duties performed while on disaster leave shall not be considered to be a work assignment by a state agency. The employee is granted leave based on the need for the employee's area of expertise. Job functions although similar or related are performed on behalf of and for the benefit of the American Red Cross. (1993, c. 13, s. 1; 2001-508, s. 6.)

Article 4.

Emergency Management Assistance Compact.

§ 166A-40. Title of Article; entering into Compact.

(a) This Article may be cited as the Emergency Management Assistance Compact.

(b) The Emergency Management Assistance Compact, hereinafter "Compact", is hereby enacted into law and entered into by this State with all other states legally joining therein, in the form substantially as set forth in this Article. This Compact is made and entered into by and between the party states which enact this Compact. For the purposes of this Article, the term "states" means the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions and the term "party states" means the participating member states which enact and enter into this Compact. (1997-152, s. 1.)

§ 166A-41. Purposes and authorities.

(a) The purpose of this Compact is to provide for mutual assistance between the party states in managing any emergency or disaster that is duly declared by the governor of the affected state or states, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

(b) This Compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this Compact may include the use of the states' National Guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states. (1997-152, s. 1; 2009-281, s. 1.)

§ 166A-42. General implementation.

(a) Each party state recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this Compact. Each party state further recognizes that there will be emergencies that require immediate access and present procedures to apply outside resources to respond to emergencies effectively and promptly. This is because few, if any, individual states have all the resources that they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

(b) The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this Compact shall be understood.

(c) On behalf of the governor of each party state, the legally designated state official who is assigned responsibility for emergency management shall be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this Compact. (1997-152, s. 1.)

§ 166A-43. Party state responsibilities.

(a) It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this Article. In formulating the plans, and in carrying them out, the party states, insofar as practicable, shall:

- (1) Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party state might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages,

civil disorders, insurgency, or enemy attack.

- (2) Review the party states' individual emergency plans and develop a plan that will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency.
- (3) Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans.
- (4) Assist in warning communities adjacent to or crossing the state boundaries.
- (5) Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment services, and resources, both human and material.
- (6) Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness.
- (7) Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

(b) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this Compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within 30 days of the verbal request. Requests shall provide the following information:

- (1) A description of the emergency service function for which assistance is needed, including fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.
- (2) The amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed.
- (3) The specific place and time for staging of the assisting party's response and a point of contact at that location.

(c) There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the federal government, with free exchange of information, plans, and resource records relating to emergency capabilities. (1997-152, s. 1.)

§ 166A-44. Limitations.

(a) Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this Compact in accordance with the terms hereof; provided that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state.

(b) Each party state shall afford to the emergency forces of any party state while operating within its state limits under the terms and conditions of this Compact, the same powers (except that of arrest unless specifically authorized by the receiving state), duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the

exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state or states, whichever is longer. (1997-152, s. 1.)

§ 166A-45. Licenses and permits.

Whenever any person holds a license, certificate, or other permit issued by any party state evidencing the meeting of qualifications for professional, mechanical, or other skills, and when assistance is requested by the receiving party state, the person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving skill to meet a declared emergency or disaster, subject to any limitations and conditions the governor of the requesting state may prescribe by executive order or otherwise. (1997-152, s. 1.)

§ 166A-46. Liability.

Officers or employees of a party state rendering aid in another state pursuant to this Compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state pursuant to this Compact shall be liable for any act or omission occurring as a result of a good faith attempt to render aid or as a result of the use of any equipment or supplies used in connection with an attempt to render aid. For the purposes of this Article, "good faith" does not include willful misconduct, gross negligence, or recklessness. (1997-152, s. 1; 2007-484, s. 24.)

§ 166A-47. Supplementary agreements.

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies. (1997-152, s. 1.)

§ 166A-48. Compensation.

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of the forces in case the members sustain injuries or are killed while rendering aid pursuant to this Compact, in the same manner and on the same terms as if the injury or death were sustained within their own state. (1997-152, s. 1.)

§ 166A-49. Reimbursement.

Any party state rendering aid in another state pursuant to this Compact shall be reimbursed by the party state receiving the aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests; provided, that any aiding party state may assume in whole or in part the loss, damage, expense, or other cost, or may loan the equipment or donate the services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. (1997-152, s. 1.)

§ 166A-50. Evacuation.

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant shall be worked out and maintained between

the party states and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting the evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of the evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. The plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. The expenditures shall be reimbursed as agreed by the party state from which the evacuees come and that party state shall assume the responsibility for the ultimate support of repatriation of the evacuees. (1997-152, s. 1.)

§ 166A-51. Effective date.

(a) This Compact shall become operative immediately upon its enactment into law by any two states; thereafter, this Compact shall become effective as to any other state upon its enactment by the state.

(b) Any party state may withdraw from this Compact by enacting a statute repealing the same, but no withdrawal shall take effect until 30 days after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. The action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

(c) Duly authenticated copies of this Compact and of any supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the federal government. (1997-152, s. 1.)

§ 166A-52. Validity.

If any provision of this Compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this act and the applicability thereof to other persons and circumstances shall not be affected thereby. (1997-152, s. 1.)

§ 166A-53. Additional provisions.

Nothing in this Compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into federal service the militia, or for any purpose for which the use of the Army or the Air Force would in the absence of express statutory authorization be prohibited under section 1385 of Title 18, United States Code.
